KIRK DOUGLAS STARS IN “ILLUSION”

The Green Bough to host Special Screening

(Irwin, PA) – The Green Bough proudly announces a special screening of **ILLUSION**, starring Kirk Douglas in the performance of a lifetime. This award-winning feature tells the story of a once powerful but now old and ailing film producer, Donald, played by Kirk Douglas, who finds himself in deep regret over rejecting his only child, an illegitimate son named Christopher. Late one night the legendary director is “awakened” by the ghost-like presence of his dear friend and editor, Stan, who has been dead for more than 35 years. Stan offers to show Donald three “visions” of his son’s life. He watches, at first suspiciously and ultimately captivated, as each vision shows his son at different stages in his pursuit of the woman he loves. What the old man sees is the tragic life of the son he never claimed. But, even on his deathbed, the old man discovers the possibility of redemption and the discovery of surprising truths about his son and himself.

This powerful and uplifting film is the creation of Michael Goorjian (“Party of Five”) who, as writer/director/co-star of **ILLUSION**, literally bet the farm to make this film. After winning the First Place Feature and Audience Choice Awards at the 2005 Spiritual Cinema Festival-At-Sea he said:

“I was, as they say in Poker, all in. I spent all of my money, that of my friends and family, and maxed our every credit card I could get my hands on to make this film,” he explained.

The local premiere of **ILLUSION** will be shown at 7PM on Friday March 16. The final screening will be at 4PM on Sunday April 1. **THE GREEN BOUGH** is located at 202 Fourth Street, Irwin PA 15642. Tickets are \$10 and can be purchased online at www.spiritualcinemanetwork.com.

ILLUSION is a brilliant and inspiring movie that shares deep spiritual messages,” explain **Susan and Fernando Cardoza, Owners of The Green Bough**. “We are proud to present this type of meaningful entertainment to the **Irwin** community.
